

Technical Data Sheet

ELECTRICAL KETTLE K81

Product Name	WIRELESS ELECTRICAL KETTLE
Features	Accurate temperature control sensor for even heating. On/off indicator light. Automatic shut-off system when temperature is reached. Dry burn protection system for added safety in the event of a water shortage inside the boiler. Burn-proof outer surface and safety lock 360° rotating base for greater user convenience. Fast temperature rise and reduced heat loss for improved efficiency and energy savings.
Model code	K81
Colour	Black
Material	Stainless steel 304 inner wall
dimensions	Width cm. 14,5 – Height cm. 20,5
Nominal capacity	0,80 L
Power	1000-1200W
Voltage/Frequency	220V-240V 50Hz-60Hz
Cable length	1m
